ENSEMBLES & CLASSES

Registration

Registering early is strongly encouraged for two reasons. First, some classes have very limited space and will close early. If a class you've chosen is closed when you register, your name (dated and time stamped) will be put on a waiting list. Second, instructors are planning for the upcoming semester and NN is purchasing materials. The sooner we know how many students to expect, the better prepared we can be for your student(s).

Fee Structure

The Tuition Table on page 8 shows the full cost of each ensemble and class at full price and at the multi class discount. There are no enrollment fees, no supply fees, and no admin fees.

Choosing to pay in monthly installments will incur a \$20 or \$30 installment fee.

Music Play (MP)

10:00-10:35

Instructor: RaeAnna Goss

raeanna.g@nashvillenotes.org

Students are introduced to well-known composers of all genres and time periods. Each class begins with a famous work by our “Composer of the Month” and the students move to the music using scarves or ribbon streamers. Elements of music are discussed such as fast/slow, loud/ soft, smooth/choppy, mood, etc. Each week a different instrument of the orchestra is studied and demonstrated (through video). All four instrument families of the orchestra are covered throughout the year. Other concepts taught are:

- Moving and playing to a steady beat
- Body percussion
- Identifying and using classroom instruments (sticks, shakers, scrapers, drums, etc.) Quarter notes, eighth notes and quarter rest
- Reading rhythms using Kodaly Method (ta, ti-ti, shh)

Grace Notes Choir (GNC)

11:15-11:55

Director: Hannah McDonald

hannah.m@nashvillenotes.org

Let's begin singing! These are our youngest singers in the Nashville Notes sequence of choirs. They spend time finding their beautiful singing voices, how to feel and create a steady beat, and how to move expressively to recorded masterworks. Occasionally, they play simple percussion instruments and may be accompanied by piano or guitar. The Grace Notes Choir performs in a Christmas and spring concert.

All Grace Notes Choir students are encouraged to take the corresponding Music Foundations class for a complete music education experience.

Class Limit: 18 students

Grace Notes Music Foundations (GMF)

10:35-11:15

Praise Station Choir (PSC)

10:30-11:15

Director: Hannah McDonald

hannah.m@nashvillenotes.org

Let's keep it going! Praise Station is a wonderful place to continue learning about music through group singing. Students learn good singing habits and develop confidence through exposure to a wide variety of choral literature, singing games and musical styles. Additionally, they are expanding their aural skills with simple part-singing. Praise Station choir performs in a Christmas and spring concert.

All Praise Station Choir students are encouraged to take the corresponding Music Foundations class for a complete music education experience.

Class Limit: 20 students

Praise Station Music Foundations (PMF)

11:15-12:00

Instructor: RaeAnna Goss

raeanna.g@nashvillenotes.org

The purpose of this class is to prepare the students for playing or singing in a higher level ensemble. Students will continue to build on all concepts learned in GMF. New concepts introduced are:

- Time signatures
- Sixteenth notes
- Syncopated rhythms
- Dotted notes
- Musical Alphabet (reading music)

Choral

(ages 10-19)

Bridge Choir* (BC)

10:30-11:20

Director: Jennifer Lantz

jennifer.l@nashvillenotes.org

***Included: Musicianship & Theory (M&T) 11:35 – 11:55**

- a weekly 20 minute enrichment class to help students achieve a clear understanding of basic music theory.

The Bridge Choir continues building singing, rhythm and aural skills. Choral repertoire incorporates more rounds, partner songs and two-part harmony; we may also include foreign languages. Students will be introduced to reading choral octavos in class at a very basic level. Some lyric learning at home will be necessary in preparation for choral presentations. The Bridge Choir performs in the Christmas and spring concerts.

Ages: 10 - 11

Required Minimum Weekly Home Practice: 2 hrs. (20 min./day)

Minimum: 10

Maximum: 20

Joyful Harmony Choir* (JH)

1:15-2:25

Director: Olivia Estrada

*Includes M&T 12:50-1:10

olivia.e@nashvillenotes.org

***Included: Musicianship & Theory (M&T) 12:50 – 1:10**

- a weekly 20 minute enrichment class to help students achieve a clear understanding of basic music theory.

Singing 2, 3 and 4-part music, students continue learning and practicing healthy vocal technique and singing posture. Choristers learn about the changing voice and explore new ways of using their voices as they go through vocal transition. “Movable Do” solfeggio is used in order to build sight-reading skills and a strong emphasis on the development of listening skills essential for a high quality ensemble sound. We sing a variety of music styles in English as well as world music selections in other languages.

At this level students are expected to practice at home between rehearsals, logging their practice time daily into their notebooks, and weekly into Charms via the blue app or on computer. Daily vocalizing is expected of JH members; each singer's dedication to regular practice will strengthen individual vocal performance and thus improve the choir's sound. JH performs at the Christmas and Spring Concerts.

Ages: 12 - 19

Required Minimum Weekly Home Practice: 2 hrs. (20 min./day)

Some Highlights

- **New to a band instrument?** (woodwinds, brass, or percussion) **Or a strings instrument?** (violin, viola, cello, double bass). Check out information about Beginner Band Camp and Beginner Strings Camp in June on pages 14 and 20, a proven method for getting a successful start – highly educational AND fun!! We look forward to having you join Novice Band or Prelude Strings!
- Have you been playing a band instrument for a couple years or more? You may be ready for **Select Band!** These musicians spend their time in full rehearsal as well as in sectionals, focused more on their particular instrument technique. This also includes the 20 minute Musicianship & Theory (M&T) class where the fundamentals of music theory are covered.
- **String Ensemble is not for beginners.** If your student has been playing a string instrument for at least 2-3 years, they may be ready for this ensemble which includes the 20 minute Musicianship & Theory (M&T) class. Check out the audition requirements in the description.
- **Don't get hung up on ages for the instrumentalist!** While choirs are determined by age due to physical vocal development, instrumental ensembles are not. They are determined by skill levels. The exception to that is the semester long Ukulele class for 8-11 year olds, and the Guitar class reserved for the larger hands of 12 and up.

An Important Note About Tuners and Metronomes:

Tuners and metronomes are two of the most important tools in a musician's toolbox. They can be found in several ensembles' "Required Materials" list. These two items are worth some consideration.

They can be purchased as 2 separate tools, or 1 combined tool. Using separate tools allows for the musician to watch the tuner AND keep a metronome clicking. Since keeping a steady tempo AND intonation are both essential to progress, this is an excellent way to go!

These can also be accessed through apps on a mobile device or laptop. The "Tonal Energy Tuner" allows both to be accessed at the same time. (There are other options as well.) However, **(and this is the important part to consider!)** if the decision is to use an electronic version, consider all the distracting notifications that will flash across the top of the screen and potentially sabotage the musician's best efforts and plans! If using a mobile device is the choice to satisfy these required materials, the student needs to develop the habit of setting it to "airplane mode" during practice time. If this can become a habitual practice, a free or very inexpensive app is a great option!

NASHVILLE NOTES

Beginner BAND CAMP

JUNE 3-7
12:00-3:00
THOMPSON'S STATION

Brass

Woodwinds

Percussion

Band Camp is an important element in preparing to participate in Novice Band. Campers experience focused instrumental and music theory instruction and also get a glimpse of the fun, social and interactive side of playing in an ensemble setting.

A beginning music student's progress will vary depending on many factors - motivation, frequency and quality of practice, quality of instrument, to name a few. After camp, students need a few private, one-on-one lessons to be prepared for Novice Band. Parents can expect an evaluation and consultation with their child's camp instructor to ensure proper preparation for band. Continuing private lessons once enrolled in Novice Band is an excellent choice, but not a requirement.

DATE & TIME: Mon-Fri, June 5-9; 12:00-3:00

LOCATION: Thompson's Station

COST: \$175 for 5 days

REQUIRED:

1. Instrument
2. Instrument supplies
3. Music stand
4. Black 3-ring binder
5. Band method book: *Essential Elements*, book 1

Although students of all skill levels are welcome to join, if a student has been playing a band instrument for longer than 3 months, Beginner Band Camp may not be for them. Please email marty.m@nashvillenotes.org if you have any questions.

- a weekly 20 minute enrichment class to help students achieve a clear understanding of basic music theory.

Sectionals - Woodwinds, brass, and percussion will separate for focused instruction on their instrument technique and music instruction.

In this ensemble, students begin to systematically build upon the instrument foundations learned at camp and private lessons. They'll be guided towards excellent fundamentals, aimed at laying a solid foundation which can be built on reliably and successfully! Rehearsal time will cover central issues like instrument care and maintenance, embouchure, articulation, successful practice habits, breathing, posture, reading pitches and rhythms, following a conductor, and development of tone. And of course, fun band music! Novice Band performs at Christmas and spring concerts.

This ensemble is comprised of students who have already learned the basic fundamentals of their instrument. Incoming students, new to Novice Band, will be expected to already have some experience and will be evaluated to ensure this ensemble is a good fit.

***Musicianship & Theory (M&T)** - a weekly 20 minute enrichment class to help students achieve a clear understanding of basic music theory.

Welcome to our Select Band, the next destination for students after meeting the standards covered in Novice Band. In Select Band, students rehearse and perform alongside all the families of instruments - brass, woodwinds, and percussion together in the standard "band" configuration! In this more diverse musical setting, they learn to balance their individual contributions by supporting an exciting, multi-faceted team. Students explore and learn more about what their particular instrument does in an ensemble and the characteristic roles of others. In rehearsal, students are led through the challenges of the music, given focused instruction to practice at home, and encouraged towards personal responsibility and development—all under the watchful eye of our esteemed and experienced conducting staff. All of these efforts culminate in a performance each semester that celebrates the students' hard work and development.

Eligibility: Students will be asked to demonstrate their current level of proficiency by:

1. playing 2 major scales of their choice,
2. playing a full range of notes by ½ step (chromatically) from the lowest note to the highest note they are able to play.
3. Demonstrating their instrument skills by playing music of their choice.

Jazz Band (JB)

2:30 – 3:30

Director: Roland Barber

roland.b@nashvillenotes.org

This ensemble is designed to guide students in an exploration of jazz through both performance and research of its history, iconic compositions and performers. Students gain familiarity and orientation in the rich history of jazz and its associated subgenres as they study and perform music from the rich library of the jazz tradition, from Louis Armstrong and New Orleans' "Second Line" to Miles Davis and the Birth of the Cool, from big band swing to bebop, Cuban music, R&B and beyond! Our primary focus is on improvisation, as students learn to express themselves according to their imagination and unique musical voice. Students receive tools to train their ears and minds to realize and perform their own creative intentions as they work to cultivate an authentic jazz "voice", which means developing a personal and expressive tone, emphasizing rhythmic feel and timing, and studying transcriptions of great solos. They also study popular song forms, including the 12-bar Blues format, and the 32-bar Great American popular song style. Advanced students can expect to be offered gigs outside of Nashville Notes regular concert programming.

**Students should expect to practice for at least two hours a week in this class.
By Audition Only. Email r.barber@nashvillenotes.org to schedule an audition.**

Director: Kristi Monte
kristi.m@nashvillenotes.org

Prelude Strings is a beginner orchestra for students ages 7 and up who have been playing violin, viola, cello, or double bass for a minimum of 2 months. We perform levels 1 and 2 works for strings that are designed to guide players through the fundamentals, develop their musicality, and foster ensemble-playimbleng skills. Although this is ensemble is non-auditioned, there is a lot of intricate technique required when learning a stringed instrument, which is difficult to adequately address in a large group setting. Therefore, all students are required to take private lessons for a minimum of 2 months leading up to enrollment, and throughout their participation in Prelude Strings. This ensemble is not a *required* prerequisite to String Ensemble, though it is a great fit for students that are new to a stringed instrument and need to delve into essential techniques such as proper posture, bowing, finger placement, and intonation – all of which will lay the groundwork for their participation in String Ensemble down the road.

Required:

- Private Lessons
- Instrument, instrument supplies, music stand, black 3-ring binder
- Method book: Strictly Strings book 1
- Minimum Weekly Home Practice: 2 hrs. (20 min./day)

Please email kristi.m@nashvillenotes.org if you are unsure whether or not your student meets the prerequisites for this course, or if you have any questions regarding enrollment or the curriculum.
